EXPERIENCE

Technical Experience

Tabistar, New York — *Founding Developer*

Jan 2023 - PRESENT

- Designed and implemented database infrastructure using Supabase

- Developed scalable front-end and back-end applications using Next.js with TypeScript

- Managed full-stack development for a platform listing restaurants and events

- Ensured seamless user experience and optimized performance

- Responsive design for mobile, tablets, and monitors.

Miyabi Marketing, New York (Remote)— *Full-Stack Developer*

Feb 2022 - PRESENT

- Designed and developed multiple web applications using Next.js, React and Node.js using Typescript/Javascript.

- Implemented scalable database solutions with Postgres SQL

- Collaborated with cross-functional teams to deliver projects on time

- Utilized Docker and Kubernetes for containerization and deployment

- Implemented automated deployment with CD/CI pipelines

Freelance Developer, Tokyo — *Freelance Software Developer*

Jan 2020 - Jan 2022

- Developed custom web applications for clients using JavaScript and React

- Designed and implemented database schemas using Postgres SQL

- Provided maintenance and support services for existing applications

- Collaborated with clients to understand requirements and deliver solutions

SKILLS

Programming languages: Javascript, Typescript

Front-end frameworks: Next.js, React

Back-end frameworks: Node.js.

Databases: PostgresSQL, MySQL

Containerization: Docker, Kubernetes

Version control: Git

Deployment: CD/CI, Vercel, Heroku, Cloudflare, Netlify, Coolify

Design tools: Figma, Photoshop, Illustrator

Additional skills:

HTML, CSS, SASS/SCSS, Tailwind, Restful APIs, Redux, Linux, Truenas SCALE, SEO, Supabase

LANGUAGES

English (Native), Japanese (Intermediate), Vietnamese (Basic)

Non-Technical Experience

Teacher, Tokyo — *Instructor*

Apr 2011 - Nov 2022

- Taught English to students of diverse ages and proficiency levels

- Developed and implemented engaging lesson plans

EDUCATION

Flatiron, New York (Remote) — *Computer Software Engineer*

Nov 2021 - Mar 2022

- Completed intensive live course in New York for computer software engineering from Tokyo

Harvard Extension School, Boston (Remote) — *International Relations - Quantitative Social Science*

2018 - 2019

- Data wrangling for big data using programming language R for data science.

Savannah College of Art and Design, Atlanta — *BA in Fine Arts and Design*

2006 - 2009
